## DETAILED ACTION

### *Allowable Subject Matter*

1. Claim 1 is allowed.
2. The following is an examiner's statement of reasons for allowance:
  - The Examiner found Applicant's arguments, filed on 11/5/10, persuasive, and therefore considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action, and further comprising the limitations of **(With respect to claim 1)** a noise emission decreasing device made from a mesh and located within the inner pipe, the noise emission decreasing device having a cap-like structure that covers an open end of the inner pipe, at the entire cross-section of the open end of the inner pipe, wherein the noise emission decreasing device is made separately from the inner pipe and fixed to the open end of the inner pipe so as to act to decrease a noise emitted from the inner pipe,

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
